Tuesday- Think about today's verses, pray and ask God to help you understand his word and apply it to your life.

19. *for the creation waits with eager longing for the revealing of the sons of God.* 20. *for the creation was subjected to futility, not willingly, but because of him who subjected it, in hope.*

Do you long for something in your future? Maybe you want to get into a certain college or make it onto a Jr. high/high school sports team. You may want to get a part in a school or community play, or maybe you wish for life to go back to normal and Covid 19 to go away. This virus has made us wonder if life will ever be the same. Many of you are wondering if you will go back to school this year as the timeline keeps getting pushed back. Seniors feel heartbroken as they are missing precious time with classmates and wondering will we graduate? Homeschoolers are wondering if their communities, co-ops, clubs, and the LIBRARY are ever going to be open again. What does all this mean for the future?

When sin entered the world it affected Gods creation from the smallest bug and plant to the largest tree, ocean, mountain, and all of humanity from that moment forward. Sin was a like a disease that spread and touched everything on a cellular level, nothing was out of its reach. Just as we feel right now, God's creation wonders and longs for the day that the sin virus is eradicated and all things are made new. Each time a person believes in Jesus and is saved they reveal themselves to be a son of God. Creation gets excited because each salvation is one step closer to all things being made new! Remember just as God sent his Son to heal us from sin he has not abandoned us now. He is still on His throne in control and working all things out for our good.

2Peter 3:13-14

¹³But according to his promise we are waiting for new heavens and a new earth in which righteousness dwells.

¹⁴Therefore, beloved, since you are waiting for these, be diligent to be found by him without spot or blemish, and at peace.
